** Exposed filament from bottom of integrated holder (filament length).

† Integrated holders are available for A sections only.

Stock Aluminum Holders for Ez-Flex™ Strip Brush

WORKSHEET
IWFBE.0909

Ez-Flex is available with other filament diameters. Please ask your sales representative for details. Standard brush material is Nylon (code BL). Polypropylene (code BP) is available. FDA approved filament and backing are available; ask your sales representative about FDA approved materials for nylon and polypropylene Ez-Flex brushes. Ez-Flex flexible strip brush can be provided in continuous lengths in rolls (typically 100 feet or 150 feet) or as individual strips cut to your specifications.
